"Competent and reliable subconsultants are an important part of the appraiser's toolbox. Over the years, my involvement in AEDP has allowed me to meet many other experts in a wide variety of fields. The annual Trade Show is particularly helpful for staying on top of the latest tools and techniques, and for meeting the providers of specialized subconsulting services."

Shawn Wilson, MAI,

"AEDP has provided me with a great opportunity to meet other eminent domain experts from around the State, while providing an excellent forum for addressing the educational and professional needs of its members."

John N. Conrad, attorney and counselor at law

"AEDP is valuable to me primarily because of the educational opportunities provided through numerous articles on case law, etc. in the newsletter, and the great programs presented at the quarterly meetings. I also enjoy meeting and learning from other eminent domain professionals during the network time provided at the meetings. AEDP is the only professional organization devoted to improving the eminent domain process and those who participate in it."
